

MOHAMED ASHIK IRFAN

FULL STACK WEB DEVELOPER

PROFESSIONAL SUMMARY

As an experienced Software Engineer specializing in full-stack development, I am seeking a full-time role where I can leverage my expertise in designing and developing scalable, high-performance web applications. With a strong foundation in modern technologies and a commitment to continuous learning, I aim to contribute to innovative projects while driving organizational growth and personal advancement in the ever-evolving tech landscape.

SKILLS

- HTML, CSS
- Tailwind CSS
- Angular Material
- Typescript
- PHP, MySQL, PostgreSQL
- Node.js, Git
- Adobe Photoshop, Figma

EDUCATION

Bachelor of Computer Science Engineering | 2018-2022

Vels University, Pallavaram

- GPA: 7.2

EXPERIENCE

BROADLINE INOVATIONS | FULL STACK WEB DEVELOPER | MARCH 2024 - TILL DATE

- Collaborated with cross-functional teams to resolve technical challenges and ensure seamless project execution.
- Diagnosed and resolved issues in legacy systems to maintain operational stability and enhance performance.
- Monitored and mitigated critical risks to ensure project deliverables were achieved on time and within scope.
- Designed and developed web applications from the ground up, deploying them on secure and scalable web servers.
- Provided ongoing maintenance for developed projects, implementing enhancements to meet new business needs.
- Ensured compliance with quality standards and best practices throughout the development lifecycle.
- Created innovative and user-centric web designs to improve user engagement and experience.

ALLDIGI TECH LIMITED | TECHNICAL AND CUSTOMER SUPPORT OFFICER | JULY2023 - FEB2024

- Engaged in real-time text-based communication with customers to provide timely and accurate assistance, ensuring a positive customer experience.
 - Managed multiple chat conversations simultaneously, demonstrating the ability to multitask and prioritize effectively.
-

SUMMARY

- 9 Months of work experience as Full Stack Web Developer with good understanding of the workflow.
 - Proficient in HTML, CSS, SCSS, Tailwind CSS, and the Angular framework for front-end development.
 - Skilled in PHP, MySQL, and PostgreSQL for back-end development.
 - Adept at analyzing code concepts, troubleshooting, and implementing solutions efficiently.
 - Experienced in Node.js, TypeScript, JavaScript, and version control systems like GitLab.
 - Knowledgeable in web hosting using Apache HTTP Server and deploying applications on servers.
 - Demonstrates the ability to quickly learn and implement new technologies independently.
 - Experienced in developing complete web applications, from the ground up to deployment on a server.
 - Goal-oriented with a proven ability to set and achieve objectives consistently.
 - Have experience with Adobe Photoshop and related design fields, underpinned by a strong foundation in graphic design principles and creative problem-solving.
-

SELF-DECLARATION

I set high standards for myself and strive to achieve my dreams and ambitions with determination and focus. I have a strong flair for learning new technologies and possess persistence in solving complex problems. With my skills, analytical and logical abilities, dedication, and commitment, I am confident in my ability to be a valuable asset to any organization. I excel in collaborating with teammates on projects, fostering teamwork, and contributing to the success of shared goals.
